Dear Simon,  
I miss you so much and we've only been away for a short time. I can't wait to get married Simon and become your wife and start a family! Have you missed me much? Good news Si my dad has said you can wear his suit for our wedding!

Jenny and Margaret are so much looking forwards to being Bridesmaids and I'm making all our dresses from mums old curtains. Uncle Shane who lives in America, and paid for our trip, has just opened a Guest House in Queens, and he wants us all to work here including you Simon. I told Uncle Shane that we were getting married in Liverpool but he might try and persuade us to change our minds and get married in America?

What do you think?

The food and drinks on this Liner are Superb and for Breakfast we had Quaker Oats and Milk and delicious Jacket Potatoes!

Please write soon as I can't wait to hear from you. Lots and lots of love  
Your loving fiancée Frances
