The Gran Reynata : Toni Travolta's Nightmares

Creation 2008

The father thinks he's John Travolta, the mother thinks she's Liza Minnelli, together they will have 3 children.

This is the not-so-peaceful story of ordinary people fascinated by the lives of Hollywood stars, told through the father's dreams and everyday life.

His mobile phone is astonishing : it is able, during his nightmares, to contact his wife in real life.

Two destinies are running parallel : One real, and one not. Which one is real ? Which one is a dream ?

A musical mythological melodrama where the spectator needs to find his own path.
