

## **The Giant fallen from the sky: last journey**

**Creation 1994**

Once upon a time, there was a Giant who slipped on a cloud. He fell from the sky into a city.

Having been imprisoned by the Humans, he escaped. Since then, he had not stopped travelling, discovering cities and mountains along the way.

Exhausted, he entered into the belly of a volcano and up out of the earth he returned to this city. The Humans then built him a large raft to escape to the sea. He disappeared forever with the tide, swallowed by the moon...
